## GEDA® 300 Z

The all-round material hoist

|                   |   |
|-------------------|---|
| <b>GEDA 300 Z</b> |   |
| Load capacity     | max. 300 kg                                 |
| Lifting height    | up to 100 m                                 |
| Lifting speed     | max. 30 m/min.                              |
| Power supply      | 1,8 kW/230 V/50 Hz<br>or 2,5 kW/400 V/50 Hz |

1 Automatic unloading from the trailer.

2 Assembly of the aluminium masts by only one person.

3 Swivel operation eliminates dangerous gaps at the unloading point and facilitates loading and unloading.

### Makes work easier – spacious platform and handy design

With its compact design and the easy assembly the GEDA 300 Z is the ideal and reliable partner – especially for work on scaffolding.

You can select between 230 V and 400 V drive unit depending on constructional power supply.

4 Comfortable loading and unloading of the material.

5 Scaffold frame enables safe transport.
